

Trolleys and shelving units

The use of metal trolleys and shelving units helps to control the ESD risks of internal transport and storage of sensitive devices inside the EPA.

The Eurostat Group is a supplier of a wide range of ESD safe trolleys and shelving units with the following general characteristics:

- wired shelves, standard chrome plated metal
- solid shelves, standard made of stainless steel
- electrical continuity between all parts
- ESD castors 125 mm (100 kg/weight per castor)
- maximum weight per shelf 250 kg
- shelf height is adjustable every 2.5 cm

Standard trolleys

- strong trolley for internal transport inside the EPA
- standard trolley type available with 2 or 3 shelves per trolley
- 2 standard shelf dimensions available
- conductive rubber swivelling castors (2 with brake)
- trolley height 1030 mm

product nr	description
40-010-0005	trolley, 2 wired shelves , 460 mm x 760 mm
40-010-0010	trolley, 3 wired shelves , 460 mm x 760 mm
40-010-0015	trolley, 2 wired shelves, 610 mm x 910 mm
40-010-0020	trolley, 3 wired shelves , 610 mm x 910 mm

Standard shelving units

- standard units available with 4 or 5 shelves in different shelf sizes
- adjustable feet
- adjustable individual shelf height
- standard unit height 1590 mm or 1900 mm

product nr	description
40-020-0005	shelving unit, 4 wired shelves , 460 mm x 1220 mm, 1590 mm height
40-020-0010	shelving unit, 4 wired shelves , 610 mm x 1220 mm, 1590 mm height
40-020-0015	shelving unit, 4 wired shelves , 610 mm x 1520 mm, 1590 mm height
40-020-0020	shelving unit, 5 wired shelves , 610 mm x 1520 mm, 1900 mm height
40-020-0025	shelving unit, 4 wired shelves , 610 mm x 1820 mm, 1590 mm height
40-020-0030	shelving unit, 5 wired shelves , 610 mm x 1820 mm, 1900 mm height

Mobile shelving units

- created by placing ESD castors under the posts of the shelving unit (instead of adjustable feet)
- a set of 4 ESD swivelling castors can be ordered separately together with two widths of push handles (see accessory list)
- applicable for total weight on the loaded shelving unit up to 150 kg and/or shelf dimensions up to 610 mm x 1220 mm.

Heavy duty mobile shelving unit

- mobile shelving unit with dolly base 610mm x 1520mm
- 4 wired shelves chrome plated, 610 mm x 1520 mm
- maximum load capacity 500 kg
- castors included

product nr	description
40-030-0005	heavy duty mobile unit

Customized configurations

Dedicated trolley and shelving configurations can be created by ordering separate parts instead of complete standard units.

Wired shelves

product nr	description
40-100-1830	wired shelf, chrome plated, 460 mm x 760 mm (18"x30")
40-100-1896	wired shelf, chrome plated, 460 mm x 910 mm (18"x36")
40-100-1848	wired shelf, chrome plated, 460 mm x 1220 mm (18"x48")
40-100-1860	wired shelf, chrome plated, 460 mm x 1520 mm (18"x60")
40-100-2436	wired shelf, chrome plated, 610 mm x 910 mm (24"x36")
40-100-2448	wired shelf, chrome plated, 610 mm x 1220 mm (24"x48")
40-100-2460	wired shelf, chrome plated, 610 mm x 1520 mm (24"x60")
40-100-2472	wired shelf, chrome plated, 610 mm x 1820 mm (24"x72")

Solid shelves

product nr	description
40-120-1830	solid shelf, stainless steel, 460 mm x 760 mm (18"x30")
40-120-1836	solid shelf, stainless steel, 460 mm x 910 mm (18"x36")
40-120-1848	solid shelf, stainless steel, 460 mm x 1220 mm (18"x48")
40-120-1860	solid shelf, stainless steel, 460 mm x 1520 mm (18"x60")
40-120-2436	solid shelf, stainless steel, 610 mm x 910 mm (24"x36")
40-120-2448	solid shelf, stainless steel, 610 mm x 1220 mm (24"x48")
40-120-2460	solid shelf, stainless steel, 610 mm x 1520 mm (24"x60")

Posts

product nr	description
40-150-0030	post, chrome plated, 755 mm (30")
40-150-0054	post, chrome plated, 1390 mm (54")
40-150-0063	post, chrome plated, 1590 mm (63")
40-150-0074	post, chrome plated, 1900 mm (74")
40-150-0086	post, chrome plated, 2200 mm (86")

ESD sleeves

- a set of 4 aluminium sleeves is used to fix one shelf to the posts

product nr	description
40-180-0260	set of 4 sleeves, (1 set for 1 shelf,)

Conductive castors

- to be used for trolleys and mobile shelving units, diameter 125 mm

product nr	description
40-170-0005	set of 4 castors, 2 swivel + 2 swivel with brake

ESD adjustable feet

- conductive adjustable feet, required in case of grounding via the posts

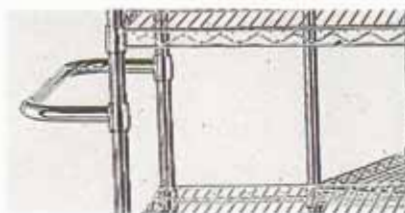

product nr	description
40-180-0265	set of 4 feet (for 1 shelving unit)

U handles for trolleys

Push handle for mobile unit

Dolly base for mobile unit 610 mm x 1520 mm (24"x 60")

- Reinforced base

product nr	description
40-180-0005	U handle for 460 mm wide trolley, chrome plated
40-180-0010	U handle for 610 mm wide trolley, chrome plated note*: 2 U-handles needed per trolley
40-180-0025	push handle for 460 mm wide mobile unit, chrome plated
40-180-0030	push handle for 610 mm wide mobile unit, chrome plated
40-175-0030	dolly base, incl. 4 castors

OTHER ACCESSORIES

Dividers	product nr	description
	40-180-0200	divider 460 mm length, 230 mm height, chrome plated
	40-180-0205	divider 610 mm length, 230 mm height, chrome plated
Ledges	product nr	description
	40-180-0100	ledge 460 mm length, 165 mm height, chrome plated
	40-180-0105	ledge 610 mm length, 165 mm height, chrome plated
	40-180-0110	ledge 760 mm length, 165 mm height, chrome plated
	40-180-0115	ledge 910 mm length, 165 mm height, chrome plated
	40-180-0120	ledge 1220 mm length, 165 mm height, chrome plated
	40-180-0125	ledge 1520 mm length, 165 mm height, chrome plated
Label holder	product nr	description
	40-180-0250	label holder for shelf, not ESD safe
Metal S-hook	product nr	description
	40-180-0255	metal S-hook to attach shelves without post
	40-180-0270	metal post clamp to attach shelving units
